Good evening – please find attached the final transcript. There is PDF and ASCII format. Only digital format will be sent. The PDF can be printed and that will look exactly as if I printed it -

I made the corrections you noted. In the instances where a person misspoke, I just put [sic] after it as I am not allowed to change the words. But that will alert the reader that it was not a typographical error.

I have attached the invoice as well with all my information. As I said, there was an invoice number given to me last year that I do not have.

I had email correspondence when this assignment was booked with Ms. Sierra re a paper check was necessary or paypal (with the government paying the fee).

Thanks for all your help. As always, it is my pleasure to work with you.

Please let me know you received this.

Wow, Jacque!

Amazing job. Especially with all the Lakota terms and names. I could find most of them on the internet. I added 16 comments, but some were where the speaker said something incorrectly, so I don't know if it is appropriate to change that.

Thanks so much for all you hard work!

I think the quickest thing is for you to send me the invoice ASAP with the info you already mentioned you included from last time in order to receive a check. I wasn't involved in the financial part this time, so I don't know if they know about needing to pay you with a check. I will pass the invoice along as soon as I get it with a note that I will notify them when I receive the final electronic version. If they need to do some additional steps on their end to cut a check, I would like them to get started on that sooner rather than later.

I don't know if hard copies were included in the agreement this time, but I will send my note once I receive the final electronic copy by email. Any hard copies can arrive through the mail at their own pace!

Thanks again!

Valois

Good evening, Valois –

Please find attached the transcript of the October 5, 2019 EPA hearing held in Hot Springs, SD. I understand the procedure is for you to review and submit corrections to me. I will be unavailable October 24-30, back in the office on October 31st in the afternoon after morning depositions. If you get the transcript corrections to me by the 22nd, I will make the corrections and resubmit the final to you before I leave. Otherwise I will give it my first attention when I return.

Re the invoice – I have it prepared but have not gotten what appears from looking at my old invoices some info required – like a PO EP# and Invoice #?
Can you get that information to me so I can send the invoice or should I contact Sierra? The last email I have from her states she will start the process and contact me soon. I did not ever get a formal letter or engagement contract or anything beyond emails with just the logistics.
